Why wouldn't she fly out of the layer!?

REPLAY
but that will lower her attack ability...
Her parameter is divided mostly on tbe speed and flexibility
Her aim is good but she won't be able to give a critical bit.
That's right.
Hikaru's attacks are too ligbt.
She's about the same type as Hikaru.
She needed to sacrifice ber attack power and weight.
For Ranga to do her wind pressure,
KSS...

Why wouldn't the opponent fly out!?!
Arghh!!
NYOOOOOOOOO
Hah?
Light?
Hikaru is a light weighted speed type Angel.
...She's light...

That's because they were at the edge of the layer.
PI

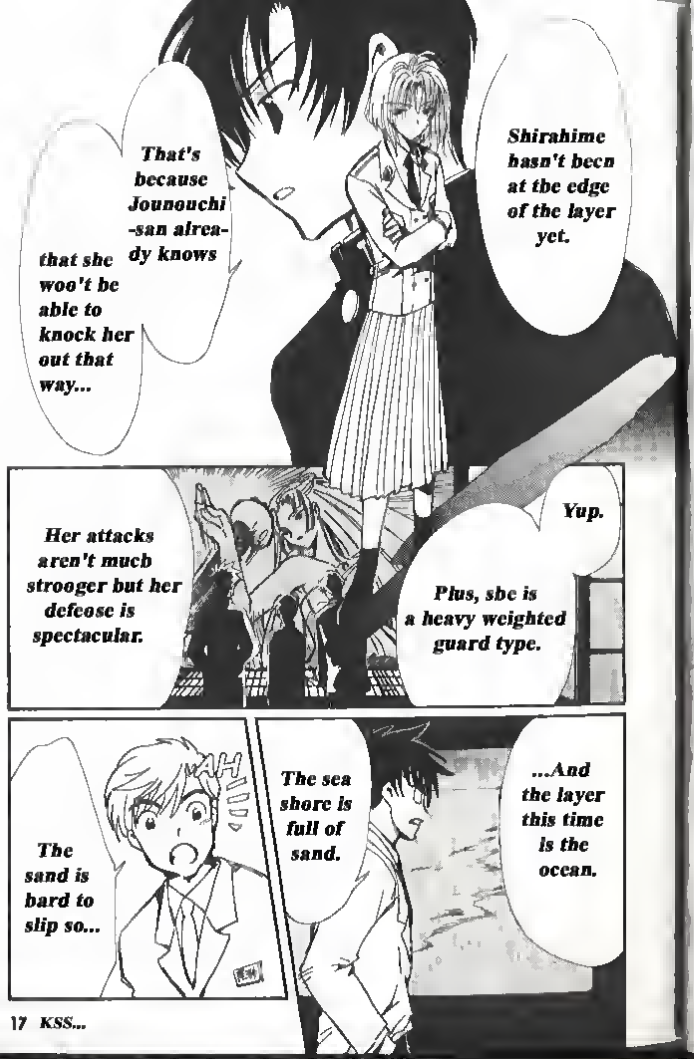
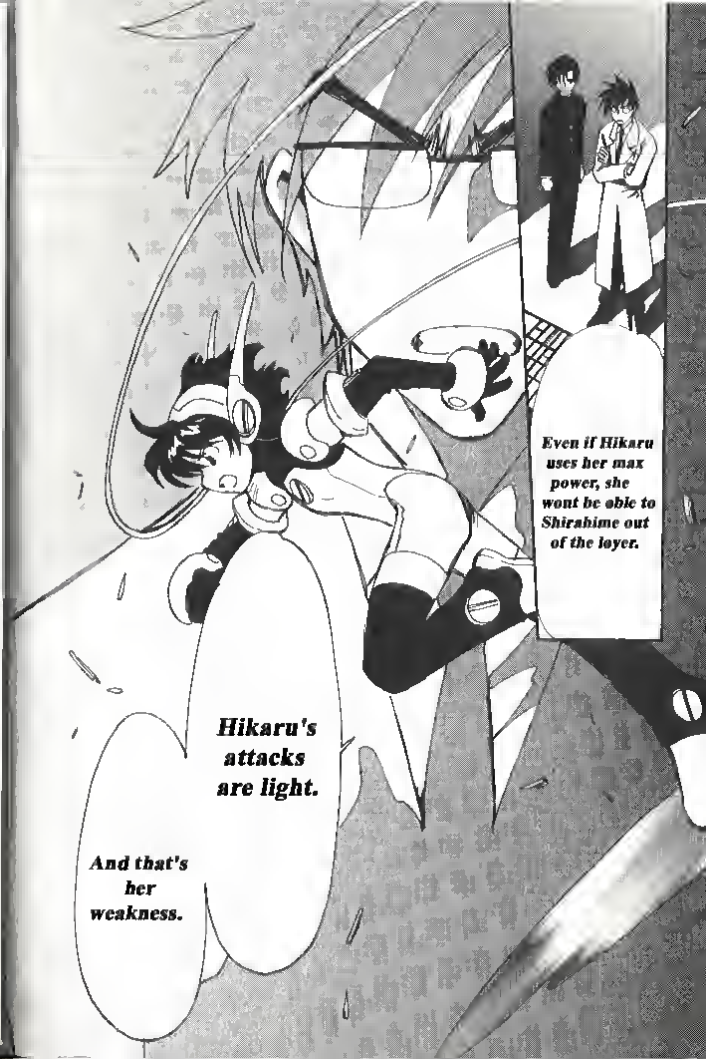
B... But against Mao, she was able to knock her out of the layer!
to do hyper mode.
She won against Buranshe because the opponent already had low hit points
PIPIP



That's because Jounouchi-san already knows that she won't be able to knock her out that way...
Shirahime hasn't been at the edge of the layer yet.
Her attacks aren't much strooger but her defeose is spectacular.
Yup.
Plus, she is a heavy weighted guard type.
AHHH
The sand is hard to slip so...
The sea shore is full of sand.
...And the layer this time is the ocean.

Hikaru won't be able to crush Shirahime's guard.
This will be the first heavy weighted Angel for Suzuhara-san to fight against.
There was the size difference but her defense was probably one of the reasons why Suzuka lost...
True.
But I believe in Misaki. I know that she won't give up until the end!



Even if Hikaru uses her max power, she wont be able to Shirahime out of the layer.
Hikaru's attacks are light.
And that's her weakness.

No!
No matter how much I attack, it barely does damage on her!
HA
Why!?
I get it!
Grrr
Grr

AU...
Au...
I didn't mean it that way...
It's true that this layer gives Hikaru a disadvantage.
So does that mean, Hikaru can't win!?
But this layer has more than sand.
Notice that! Misakichi!

the difference between Shirahime and Hikaru.
...It seems that you've noticed
Are you going to forfeit?
DASH
What should I do?
I can't win by just attacking her!
No!!
I won't ever forfeit!!

So that's why my attacks couldn't knock her out of the layer!!
Shirahime must be different from Hikaru!
She's a heavier Angel!!

Just cause I'm small!

HA
Smaller people
have their own ways of fighting.

SFX: BASH BASH BASH BASH
I want to win!
I don't
want to us as an excuse that
I lost because I am
lighter than her!!

SFX: BASH BASH BASH
Moves that a small person can do!!
but to do this, I need her to be close to the edge!
And we are fighting at the middle!
I found one!
HA!
SPLASH
SFX: SWIFF
Oh! Hikaru!
Is behind of Shirahime!!
SWOOSH
JUMP
GRASP
